General useful information

GGCARSX	general information pages for Sixt Rent a Car
CLSXMUC	retrieving a location list, e.g. MUC for Munich and surroundings
GGCARSXMUC	retrieving various location policies (e.g. opening hours, addresses, etc.)
CPOSXMUC/VEH	retrieving location specific information on available vehicle makes and models
IG	ignore and reject transactions
ET or ER	complete and store transactions (sell, change, cancel, etc.) Please always remember to either complete and store your transactions (ET, ER) or ignore and reject obsolete transactions (IG) in order to prevent lost or dupe reservations.

Please note:

The easiest way to find the nearest Sixt locations and corresponding GDS codes based on an address or point of interest is available online at sixt.com > find a location.

Availability requests and rates

The **CA** command (**Car Availability**) will display all available cars for the requested period of time at the given location. Rates and conditions returned are based on and triggered by the CD number used for the request (if no CD number is used public rates will be returned, see rate details):

CASXFRA22NOV-0/ARR-0900-1800	CA for Frankfurt Airport, date, arrival 09:00h, same day return 18:00h
CASXFRA22NOV-1/ARR-10a-5p	CA for Frankfurt Airport, date, arrival 10 am, returning the next day at 5 pm
CASXMUCC0120NOV-1/ARR-1000	CA for Sixt Munich city location MUCC01 (see "CLSXMUC - retrieving a location list")
CASXS2	CA referring to an air segment, e.g. segment 2
CASXLHR11JAN-7/ARR-1130-2000/FC-EUR	CA with conversion to a currency other than the local currency, e.g. EUR instead of GBP (conversion based on standard Amadeus information)
CASXMUC18MAR-22MAR/ARR-1800-1800/VT-FDMR	CA for a specific car group (e.g. FDMR)
CA/LO-HAM	change pick up location in an active CA
CA/FC-*	return to local currency
CASXFRA22NOV-1/VT-CDMR/ARR-1200-1200/CD-SX791234	CA with a corporate discount (CD) number returning negotiated rates and conditions

Scrolling functions:

MD	move down to next (results-) page
MU	move up to previous (results-) page
MN	change request to next day (one day later)
MY	change request to previous day (one day earlier)
MPCA	change to previous car availability result
MPCL	change to previous location list display
MPCR	change to previous car rate feature display

Direct car sell from car availability:

CS1	direct car sell for offer in line 1
CS2/P2	direct car sell for offer in line 2, driver will be passenger 2 of the PNR
CS3/SI-PREF BMW	direct car sell for offer in line 3 with additional special information, e.g. customer prefers BMW

Corporate discounts:

Examples for using different kinds of customer numbers:

CD-SX791234	enter a company's corporate discount (CD) number. In order to retrieve the correct rate you can enter the numeric Sixt CD number with "SX" or without "SX" in front of the CD number. (example: customer gives you CD number 791234, use SX791234 or 791234 for GDS entries).
ID-1234567	Sixt personal loyalty number (identifying a certain driver profile that may store additional information on this specific driver in the background)

This is an example for a direct sell at a negotiated corporate rate for a driver holding a Sixt loyalty card number:

CSSXMUC29AUG-2/VT-ECMR/ARR-1000-1000/CD-SX791234/ID-1234567

Please note:

If you wish to place a reservation at a negotiated corporate rate please remember to always use the CD number in your GDS commands (availability and sell). If no CD number is used public rates will be returned and reserved. Adding a CD number into an existing reservation will not automatically change the reserved rate.

Please use commands /CD- and /ID- only for the intended information (CD for company contract numbers and agency rate codes only; ID for personal loyalty card numbers only).

Providing your agency number is not necessary. Your agency number will be transmitted automatically in the background. Entering your agency number in the /CD-command will NOT return agency rates. Instead agency rates are being returned with special CD numbers that need to be entered using the /CD- command. Please ask your Sixt contact or your Sixt Travel Agency Hotline in case you are unsure which agency rates and CD numbers should be used.

Rate information

CA display and rate information:

CR4 rate information and details for offer in line 4 will be displayed

 /CF-9850569845 *SX+
 SEE RTSVCC

Explanation of price details included in a car segment:

ES-*SX*EUR 105.97 1D estimated total price incl. all mandatory and optional additional charges, additional equipment and VAT

RB-*SX*EUR 73.30 BR-1DY net rate base excluding any additional charges

RG-*SX*EUR 73.30 0.19 400 DY daily rate without VAT, unit price for extra miles/kilometers per mile/kilometer, amount of miles/kilometers already included (additional information in "Codes" on page 10)

Direct car sell without reference to another segment

Example for a reservation at an airport location:

CSSXMUC25OCT-2/ARR-1000-1000/VT-FDMR

CSSX

MUC

25OCT-2

/ARR-1000-1000

/VT-FDMR

car sell Sixt Rent a Car

pick-up location: Munich Airport

pick-up date: October 25th for 2 days until October 27th

pick-up time: 10:00 am; return time: 10:00 am

car group: FDMR

Example for identical reservation only at a city location:

CSSXMUCC0125OCT-2/ARR-1000-1000/VT-FDMR

Car sell with reference to an air segment in the PNR

CSSXS2

/VT-FDMR

direct car sell referring to segment 2 of the PNR, car group: FDMR

Relevant information from the air segment will automatically be retrieved and used for rental dates and times. Also the flight number of the inbound flight will be included in the car reservation and used as arrival information. Please double-check if all this matches your customer's needs.

Car availability / car sell with reference to a location list

CLSXMUC

CAAA18APR-2/ARR-1000-1000

retrieve car location list for Sixt in Munich and surroundings
display all available offers (car availability) for given period of time at Sixt location listed in returned location list as line AA at public rates (no CD number used)

CSAB18APR-2/ARR-1000-1000/VT-FDMR/CD-SX791234

direct car sell for car group FDMR and given period of time at Sixt location listed in returned location list as line AB at a special negotiated rate (CD number used)

Delivery / collection service

Please enter the address(es) to/from which the car needs to be delivered/collected to/from as part of the normal car sell command in the following structured command format:

/DEL- opening address detail section for delivery address
/COL- opening address detail section for collection address

followed by address information as follows:

A1- address (street name + house number)
CI- city
CO- country code
ST- optional province code (Canada, Australia and US)
ZP- ZIP code
PH- phone number for operational questions (e.g. key drop)

For example:

.../DEL-A1-Winterstr. 2-CI-Frankfurt-CO-DE-ZP-65121-PH-069123456

.../COL-A1-Herbstweg 25-CI-Mainz-CO-DE-ZP-55116-PH-0049123483

or in case addresses for delivery and collection are identical:

DEL-A1-.../COL-SAME

Please note: In order for Sixt to provide a hassle-free DEL/COL service it is required that reservations include a valid method of payment and as much information on the driver as possible (e.g. driver's Sixt loyalty card number via /ID-entry). And please note that DEL/COL reservation need to be queued to queue address MUCSX5100/0 after finalization.

Optional information

/ARR- arrival time for car rental (pick-up)
/BN- company specific **billing number** that stores invoice/eVoucher information
/BR- additional **booking references** (e.g. cost center, project number) you can enter up to two references, please separate them with a hyphen (e.g. BR-KS1234-PR5678)
/CD- corporate **discount number**
/DD- drop off date
/DO- drop off location (in case of one-way rentals)
/DT- pick-up date
/FC- foreign **currency converter**
/FT- additional frequent **traveler membership number** (e.g. Miles & More)
/G- payment / **guarantee**
/ID- driver's Sixt loyalty card number
/LO- pick-up station
/RT- return time (drop-off)
/SI- special information as free text (e.g. SI-PREF BMW)
/SQ- special equipment (e.g. SQ-NAV; list available via GGCARSXSQ)
/VT- vehicle **type**
/VV- voucher **value**

Please note: Enter age and/or weight of children via /SI- in case child seats are reserved.

How to display reservation details

RTSVCC3
RHC

retrieves all reservation details for car segment 3 in PNR
displays full transaction history for car segments in PNR

How to change a reservation

RT[Filekey]
RT[traveler last name]

opens a reservation based on given filekey
searches a reservation based on traveler's last name

2/VT-CDMR
2/DT-03OCT
2/LO-MUC

changes the car category in car segment 2 of the PNR
changes the pick-up date in car segment 2 of the PNR
changes the pick-up location in car segment 2 of the PNR

Please note: Always remember to either complete and store your changes via commands ET or ER or ignore and reject obsolete transactions via command IG.
Changing the method of payment is only possible by cancelling the old reservation and placing a new one (cancel & rebook).

How to cancel a reservation

XE2
XI

cancels a single segment (e.g. segment 2 of the PNR)
cancels an entire PNR (Attention: all segments of the PNR will be cancelled!)

eVoucher

Car direct sell with eVoucher option:

CSSXS2/VT-CDMR/VV-EUR 50.00/CD-SX...
CSSXS2/VT-CDMR/VV-FC/CD-SX...
CSSXS2/VT-CDMR/VV-FC/BN-C665042...
/CD-SX...

voucher value: limited credit voucher
voucher value: full credit voucher
voucher value: full credit voucher debiting the rental to a company's billing number

Car voucher print:

CVP/S2/VV-FC/ET
CVP/S2/VV-FC/BN-C665042.../ET
CVP/S2/ET
CVP/S2/P1/ET

voucher value: full credit
voucher value: full credit voucher debiting the rental to a company's billing number
issue eVoucher for segment 2
re-issue eVoucher after reservation modification

Please note: eVouchers will be activated and returned only after the voucher print function (CVP) has been executed. And please remember to re-issue eVouchers (CVP) in case you needed to modify a reservation.

Codes

Status codes:

R offer is available on request only

Please note: Reservations that are on request will be processed automatically within 48 hours. Confirmation (or refusal) will be communicated via a segment status change that will also trigger a queue entry on your queue. This is a fully automated process and you do not need to queue on request reservations separately.

Vicinity codes for location codes:

C	City	N	North of city
T	Terminal	S	South of city
O	Off airport	W	West of city
X	Train station	E	East of city

Distance codes:

000 K	no kilometers included
600 K	amount of kilometers included
UNL	unlimited kilometers included
250 DY	amount of kilometers included per day
1750 WY	amount of kilometers included per week
3700 MY	amount of kilometers included per month

Car type codes:

Class:

M	Mini
E	Economy
C	Compact
S	Standard
I	Intermediate
F	Fullsize
P	Premium
L	Luxury
X	Extraordinary

Type:

B	2-door vehicle
C	2/4-door vehicle
D	4-door vehicle
F	SUV
P	Premium
T	Convertible
S	Sports Coupe
V	Van
L	Limousine
W	Station Wagon
X	Special
K	Truck / Commercial Van

Transmission:

A	Automatic
M	Manual

Air condition:

R	with air condition
N	without air condition

2. Sixt Rent a Truck

The GDS commands that are needed in order to book a Sixt truck or commercial van are identical to the commands for Sixt Rent a Car (see above). Sixt trucks and commercial vans are simply categorized as such with vehicle type **K** as second letter of the vehicle code (e.g. FKMN).

As the truck and commercial van fleet may differ from country to country in regards to vehicle size, payload, taillift Y/N etc., Sixt recommends to consult the online list available at sixt.com > truck rental > find a vehicle.

Amadeus vehicle code	Sixt internal code	Example vehicle
MKMN	A	VW Caddy
EKMN	V	Mercedes Benz Vito
CKMN	B	Mercedes Benz Sprinter to 3,5t short
IKMN	S	Mercedes Benz Sprinter to 3,5t long
SKMN	W	Iveco Daily 3,5t
FKMN	C	Iveco Daily 7,0t
PKMN	P	MAN 7,49t
UKMN	D	MAN 7,49t
LKMN	T	MAN 11,99t
WKMN	G	MAN 11,99t

Especially in truck rental rates there might be a number of different packages with different inclusions/exclusions available per vehicle group (e.g. included km). Sixt recommends to request these different packages via a car availability (CA) first and not to do a reservation for trucks via direct sell. In the car availability results you will be offered all available packages for the given vehicle type (e.g. VT-FKMN):

```
CASXMUCC0820AUG-0/ARR-1000-1800/VT-FKMN/CD-SX9694416
*** SIXT COMPLETE ACCESS PLUS RATE AVAILABILITY ***
SX+GRUNWALD /DE MUCC08 OPENING HOURS:08:00 -12:00
BAVARIAFILMPLATZ 7, GEBAUDE 17
ARRIVAL:SU20AUG17/10:00 RETURN:SU20AUG17/18:00 CORPORATE
ATTENTION, DROP OFF IS AFTER OFFICE HOURS

CHECK POLICIES: USE CR
TYPE A DAILY-EUR ESTIMATED-EUR KM/M CHRG RCODE PGDY
1 FKMN= 81.58 97.08 100K .32 LSX
*** TRUCK PACKAGE ***
2 FKMN= 102.86 122.40 300K .32 LSX
*** TRUCK PACKAGE ***
3 FKMN= 131.31 156.26 500K .32 LSX
*** TRUCK PACKAGE ***
```

To create a reservation simply choose the desired package from the offer list (e.g. CS2 to book the rate package that includes 300 kilometers).

Please note: Special travel agency rates are also available for Sixt Rent a Truck. Please consult GGCARSX in order to find the CD numbers that need to be used.

3. Sixt Sports and Luxury Cars

The GDS commands that are needed in order to book a Sixt Sports and Luxury Car are identical to the commands for Sixt Rent a Car (see above). Cars in the Sixt Sports and Luxury Cars fleet are categorized by specific ACRIS car category codes and are available at selected locations only. Please note that the Sixt Sports and Luxury Cars fleet and locations may vary per country and season.

The latest Sixt Sports and Luxury Cars fleet and locations are available in your online agency login in section **sixtagent.com > products**. After you've identified your customer's desired car model please retrieve the corresponding ACRIS code for this specific car model from the GDS vehicle list via command CPOX[station code]/VEH.

Please note that some special conditions apply to Sixt Sports & Luxury Cars rentals:

- no one-way rentals possible, pick-up location must be drop-off location
- all offers are "on request" and will automatically be processed within 48 hours via GDS
- pick-up / return is only possible during the opening hours of the location
- special conditions may also apply to driver's age, driving license possession, payment methods and deposit (please consult terms and conditions for further information)
